NOTE FOR: Mr. Ben Evans

SUBJECT : Procedures for Agency Staffing
of OAG Papers

I have two comments on the DDO draft procedures. I would like paragraph 3 to state explicitly that when the proposal is forwarded after DDO concurrence that the package should include the substantive comments of non-DDO officers who were consulted on the proposal.

As long as we are going to issue a notice on the procedures of OAG materials, I would also suggest a paragraph which calls for non-DDO participation in two instances:

25X1

b. Changes in approved programs
which must be regarded as substantial.
